

Thank you for choosing to decorate with Press Print Party! I am delighted to be able to offer you an easy and affordable way to host an elegant and fun party.

Please read this page as it contains very important information about this set.

Printing

- * Experiment with your printer's print quality. You should get good results printing at Standard Quality. But you may want to print at the highest quality available for your printer.
- * Set your **Page Sizing to "Actual Size"** in the Printer's dialog box. You may get an error message. Just ignore it.
- * Since this pdf contains many pages make sure you set your print options to print: **Current page**.
- * If you are having trouble with parts of the design (not the instructions) not printing around the edges, it means your printer has wide margins. Just adjust the print setting to fit to paper. This is not recommended for cards.
